Solid party friday! A few things about it though:

1. If you are sober monitor, that includes DRUGS. Don't do them if you are supposed to be sober monitor.
2. The pledges rock! I'm pretty sure they drank more in that night then all the JAs combined for the whole semester. They definitely hooked up with more girls that the fall haha
3. I say we do another Blacklight Party (not on wet friday) this semester so peopel aren't passed out before it starts haha and get [REDACTED] to DJ again.

Mixer: Should we ask Alpha Xi at Georgia State for a mixer or no? I'll ask for a count Wednesday.

Date Nights: Atlanta Hawks-New Jersey Nets game. \$15 dollars for you and your date to go. Saturday March 9 at 7:00. Let me know in Chapter if you want to go

GUY/GIRL BEER PONG TOURNAMENT SATURDAY! Find a date and let me know if you are playing. We'll start around 9! Winners gets alcohol

Community Service - You guys suck at picking dates for Homeless shelter. I'll come around this week and you better have a date in mind.
